Hourly Rates Weigher/Technician/Sampler

Regular Time	\$19.00
Over Time	\$28.50
Double Time Hours	\$38.00

All hourly rates will be assessed portal to portal and prorated whenever possible.

Personnel Safety

It is the customer’s responsibility to make the grain or stowage area accessible. On barges and railcars, it is the customers responsibility to ensure the door/lids are safely accessible and in proper working order. MIG will not open or close doors/lids if their safety is in jeopardy, and there must be a minimum of two people, in visual line of sight of each other, at all times. This can be two MIG employees or one MIG employee and one customer employee. This is to “render aid if needed”, which could be to call for assistance. If Fall Protection is available on site, railcars must be located under said Fall Protection prior to MIG staff providing any service in which climbing on top of a railcar would be required.

Weather Policy

Mid Iowa Grain inspection will adhere to the following inclement weather policy: Sampling and stowage examination requests may be delayed or dismissed when any of the following conditions exist; High winds or rainfall that creates conditions that are either dangerous to employees and/or degrading to the grain being sampled, lightening, snow and/or ice and any other weather related and/or facility specific condition that could put employees providing services in jeopardy. Adequate lighting must be provided when onsite services are requested after sunset.

Mileage Rate: The IRS standard rate will be assessed for all services on a portal to portal basis. Any change to the mileage rate will become effective when the IRS standard rate changes. Mileage will be prorated when possible.

All other fees will be assessed at the applicable hourly rate.
